We would like to remind families that if covering the cost of program fees for you or your child is a challenge, please contact the HCA or any member of the HCA Executive, regarding your concern prior to registration so that you may participate in a programing. The Kid Sport program is available to families that are on a low income, unemployed, or currently receiving income support through provincial government are all considered eligible. Kid Sport considers social and economic barriers facing the child's family when determining eligibility. Grants are for children and youth up to 18 years of age. Financial support up to \$750 per child per calendar year (January-December) towards sport registration fees and in some cases equipment. Applications must be submitted before the start date of the sport activity. Priority will be given to subsidization of participation/ registration fees.

Proof of vaccination or negative test are required for Adult programs (excluding Chess club) Masks required for all programing (youth and adult). Online registration forms available through the Holliston website and Facebook.

City News from Cynthia – Winter 2021

I hope everyone is staying warm, safe and finding ways to connect with friends and family. It has been a busy year at City Hall.

Saskatoon just completed another huge construction season with the largest-ever investment in sidewalks and our Building Better Roads program is yielding significant improvements in our ward. As roads are now fully funded to “best practice” standards, all streets will catch up to a 20-year rehabilitation cycle instead of the previous 80-year cycle.

2021 Ward 6 Highlights:

The dry storm pond at W.W. Ashley District Park is substantially complete. Designed to catch overflow water, it will also serve as a sports field and park space. It is the first project under the City’s Flood Control Strategy to reduce flooding in Saskatoon’s most flood-prone areas.

11 lane-km of planned road rehabilitation work was completed

6.3 km of sidewalk work addressed (including infill sidewalk on Cumberland)

73 lead line connections replaced (The City is on track to complete all lead line replacements by 2026.)

1.9 km of water main preservation/replacement

*Note: Two significant Nutana projects are deferred to next year.

Saskatoon now has an official emergency response plan for large snowfall events, following last winter’s epic storm. Also, Council passed the City’s first drainage bylaw, which will help protect existing properties in infill neighbourhoods.

For more information on what’s happening at City Hall, including our Low Emission Community Plan and Residential Parking Permit expansion, go to: www.cynthiablockward6.com . You can also sign up for monthly updates direct to your inbox, including information for the next Coffee with Your Councillor.

I want to send a huge shout out to your community association. These volunteers are working hard to make your neighbourhood better. Thank you! And thanks to all of you for the opportunity to serve. I love our majestic ward 6 neighbourhoods and will continue to do my best to represent.

Happy New Year Everyone!

Stay safe out there,

Cynthia
